About this item

- Full Range Beam – Adjust the light from a wide beam, a medium beam and a focused beam. A focused beam is best where lighting needs to be concentrated like over a chair for reading. Extend the range of light to medium or wide for a softer lighting effect. Pull the lamp head open to create a small, focused beam of light. This setting is ideal for reading or working at a desk. Push the lamp head closed for a wider range of lighting in a relaxed setting.
- Dimmable-Dim the light by holding down the power button for a gradual change in

light. The light intensity ranges from 10% to 100%. The 4000K Color Temperature is a soft warm light ideal for home use.

- Flexible Goose Neck- Maneuver the lamp in any direction. Its durable metal gooseneck supports 360 degrees of motion. Change the direction of light at any time to fit your needs. Ray is an excellent companion for Hobbies, crafting, sewing, puzzles, reading, etc.
- Modern Design- The slim profile of this standing spotlight offers a minimalist feel. Stand the lamp straight up or create an arch to bring an artistic look to your space. Ray is perfect for adding additional beams to highlight focal points of a room or to focus in on close up projects. The metal finish creates a polished look across all colors, antique brass, brushed nickel and black.
- Functionality- The 5-pound weighted base keeps the lamp balanced when adjusting the flexible neck making it safe for use in any work space. Ray uses 3.5 watts of energy. Ray's unique composition can withstand long periods of use. An easy-to-use trigger button can be pressed once for power and held down for dimming, located on the center pole.

★★★★★ Nice, durable energy efficient floor lamp

Reviewed in the United States us on October 29, 2022

Color: Brushed Nickel | Verified Purchase

While helping my mom move to a new place I noticed the new place doesn't come with overhead lighting already installed in the bedroom so I had to give a couple of my lamps to her and started looking for a floor lamp. After reading the reviews I decided to give this one a try. I was pleasantly surprised to receive the package 3 to 5 days ahead of the estimate and the package arrived in pristine condition to boot! Another surprise was that Amazon used its own box to contain an already sturdy box from the seller so kudos to Amazon for the attention to detail and I must mention the entire operation including the delivery driver did a very professional job of handling the package so the contents were in no danger of being damaged during shipment. Upon opening the floor lamp's box, I found that the contents were well protected by styrofoam and cardboard spacers, so much so I don't think I can pack it back properly if I ever have to return it. That was the only negative I found. A lot of protective plastic sleeves and bags were used so there is no danger of the parts hitting or scratching each other during shipping. A simple assembly guide was included but unnecessary because I've assembled my share of Ikea floor lamps in the past. Because of my pet peeves, I prefer not to rip the protective plastic covering the lamp and the pole sections so while assembling, I challenged myself and succeeded in removing the protective plastic intact after

★★★★★ Great Reading light in bed

Reviewed in the United States us on June 1, 2023

Color: Black | Verified Purchase

I like to read for a while, before going to sleep at night, while my wife generally prefers to just go right to sleep. Thanks to the very slim light pole, I was able to easily squeeze the lamp between the bed, and my bedside lamp dresser. Being able to adjust the size of the light beam, the brightness , as well as the angle of the light with the adjustable gooseneck top is awesome. Was just what I was looking for. I can read, while she falls asleep without disturbing her. Also, shipped quickly, was well packed, and pretty easy to put together. Definite two thumbs up :-D

★★★★★ Minimalist And Sleek Lighting for Book Reading with Soothing Light

Reviewed in the United States us on March 15, 2023

Color: Antique Brass | Verified Purchase

Took me a bit to realize those black round pieces were just there to make sure the ends did not scratch each other during shipping. Packed very well. So disregard those small plastic circles at the ends when you put this together. Pull the cord from the base to make sure it is not bunching up. Ok now for the review. This is a very good minimal light for reading my favorite book in bed. It was supposed to go in the living room, but I needed something "not clunky" - something more sleek and modern with a small footprint for the bedroom. This is the perfect solution. Now the light is not super bright and annoying - it's more soft and gets some of it's power from the large glass piece in front of the light. Very cool design. It does not blind me or my pets on the bed and we all appreciate that. The gooseneck ability to change the direction and height is just the right flexibility for me too. It's more money than I wanted to spend, but overall it really is nicely designed and gives a touch of sleekness to my bedroom - you don't notice this lamp when you first enter and that's really what I wanted as well. Nicely done. Highly recommend. Simple, minimal and very functional. I may end up getting a second one for the living room too. [Honest review, no paid endorsement here]

★★★★★ Perfect reading lamp

Reviewed in the United States us on May 30, 2023

Perfect reading lamp. I was able to dim the brightness, and adjust the beam width perfectly for reading books to my baby in the dark room without filling the room with light. Feel high quality and looks great!

★★★★☆ **Floor Lamp**

Reviewed in the United States us on May 31, 2023

Wanted a low profile, dimmable lamp for a small space. This one seems to work well for what I had in mind. The adjustable neck and ability to focus the beam are bonuses.

★★★★☆ **Bought two, one has a problem- \*\*UPDATE\*\***

Reviewed in the United States us on March 17, 2023

Color: Black | **Verified Purchase**

I bought these lamps to increase the light on my desks. They are plenty bright for the job. The wide angle covers most of my desktop. The spot light is great for more light on a particular thing I am focusing on. One of the lamps, the dimmer started causing some issues and then it quit working altogether. So there might be two issues going on. I can wiggle the connector to the power supply and it will blink but will not stay on.

They are super handy lights. Get that desk lamp off your desk for a cleaner workspace and place the lamp behind your eyesight. It really helps they eyes over a long day at the desk.

**\*\*UPDATE:** The seller contacted me because of this review and offered to replace the defective unit. I, of course agreed and I had a replacement in a matter of 3 days. That, friends, is awesome customer care and standing by your product. I'm upgrading to 4 stars!!
